Washington, D.C. 20505

Dear Mr. *John* McMahon:

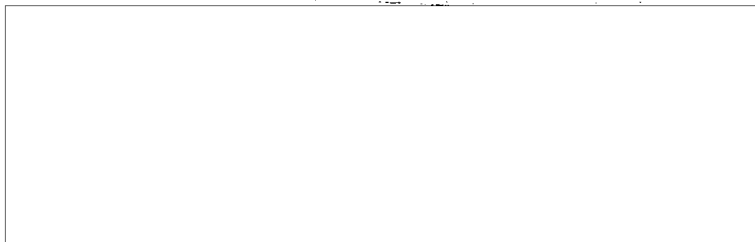

I would like to take this opportunity to invite you to be AFCEA's guest at our 4th AFCEA Intelligence Symposium "Future C3I Support for Combat Operations: "Wartime Fusion Towards a DoD/Industrial Partnership" scheduled for 13-14 September at the Naval Surface Center, White Oak, Maryland.

We have a fascinating list of intelligence briefings supporting the themes of Cognitive systems, communications support, survivability and logistics. U.S. Companies and NSA will be presenting papers representing the latest thinking and making recommendations concerning some of the problems and issues developed in the last Defense Intelligence forum sponsored by USD C3I and hosted by NSA last March. The attached list of presentations will be offered during the Symposium.

Mr. Don Latham will be our keynote speaker on the 13th, and Admiral B.R. Inman our Banquet speaker on the 14th.

I realize that your schedule fills up rapidly, but I know you would profit by attending these sessions. If it is not possible for you to fully participate we would like still to extend the invitation to participate at our reception on Monday evening 1800 on the 13th; and the Banquet 1900 on the 14th. Both are being held at the Bethesda Marriott located at the Intersection of 495 and Wisconsin Boulevard.

If you are available we would appreciate you filling out the enclosed form and returning it to us.
